Customer Reviews

These were just great -- engaging conversations and well spoken. I ended up being much more confident about day to day spoken Spanish. This was very easy to listen to while driving -- each lesson was small enough to fit into handling a car. I had 20 minutes each way, and the language just sunk in. I would love a more advanced version of these -- but there doesn't seem to be one.

I love to listen to this while I drive. I have picked up so many words and phrases so quickly!

Easy to listen to and easy to retain due to the way the language is presented.
