My nephew is a huge Minecraft fan and this is basically the only way I can get him to read. When I say this I don't just mean Minecraft books in general because there is a lot of spam and pamphlets out there parading around as books. He only has three authors he will read books by in the Minecraft category, which is the only category he will read from anyway. "Diary" is at the top of that list because "Diary" is his favorite author. This entire series of books has been a godsend because it has my nephew enjoying reading. This book about an Ender Dragon named Ember is what we have

grown to expect from this author. It was entertaining and well put together.

my opinion is yo dis book is MLG i even dont know what that means. well maybe because i still dont know everything in the world but thats okay because its just a book but uh sorry if ikinda dont make sense but okay. bye everyone!-toy bonnie

I gotta say I love reading Minecraft books! They are always so creative! Escpically the ones about bad mobs! It shows there can be good in them! This book was very intrasting! The story was great! An ender dragon named ember wants adventure!

It was very well-written. It had an exciting twist when Dirk was really the Enderdragon's enemy. There was a lot of suspense and action. I enjoyed reading it along side my son. He liked it too.

This was a very good book, and I think other people should read it. I'm very impressed by how the author wrote how the ender dragon felt.

This is a amazing book. It is funny,a little sad and heart warming!!!! I recomend for all minecraft lovers! Once i started reading it i did not want to put it down!

it is so awesome and i want to read it again and again and again read it it's so great it's inspiring i fell in bliss it's about a amazing dragon

it's so betraying when Dirk is part of a ender Dragon capture team and fakes being ember's friendDirk is such a liar, I feel bad for ember.
