Weird But True! Stupid Criminals: 150 Brainless Baddies Busted, Plus Wacky Facts

Synopsis

Did you hear the one about the crook who broke into a vending machine and then left a trail of cheese curls all the way to his hideout? Or the burglar who left his wallet in an apartment he robbed, and actually went back to get it? Or how about the runaway criminal who got stuck in a drainpipe? Based on the successful "Stupid Criminals Busted!" column in National Geographic Kids magazine, this book is the newest extension of the blockbuster National Geographic Kids Weird But True franchise. This collection of chuckle-worthy stories about stupid criminals and the ridiculous ways they gave themselves away is illustrated with wacky collage art, and sprinkled with more than 150 weird-but-true facts about crime, including: funny laws; hilarious costumes criminals have worn while robbing banks; animal crimes and misdemeanors; strange food crimes; great escapes; and more...

A gift for my grandson. . .ranked it a 5 star because he started to read the book during the opening of gifts! Yup, was really interested in this book. Matter of fact, he told me he'd like another one in the series for his upcoming birthday!

As an adult I don't get this book - bunch of colorful pics and some weird facts, but its the rage. Kids took this to school and I heard about how all the other kids were so excited a NEW weird but true

was out. Apparently there is now a waiting list at school to read the book! So, all in all its a winner.

My son loves these books. He is 7 and it is perfect for him. He thinks they are funny and reads them to his siblings as well.

This is as good as the other weird but true books. My daughter read the whole thing cover to cover as soon as it came.

My nephews, 7 and 10 both love this book and the complete series of Weird But True books. Great gift

My 11 yr old grandson loves this book. You won't go wrong buying it and the price was right. Lots of weird stuff inside the pages.

My kids love this! I bought it for my 13-year old daughter and she enjoyed reading this. My 9-year old son did as well. Well designed, great pictures.

Great series. Some of my students purport to hate reading, but most love these books. Engaging, fun facts, and interesting illustrations.
