Linda Howard CD Collection 2: Cry No More, Kiss Me While I Sleep, Cover Of Night

Synopsis

Cry No More: Milla Edge displays an uncanny gift for finding lost children. Traveling to a small village in Mexico on a reliable tip, Milla begins to uncover the dire fate of countless children who have disappeared in the labyrinth of a sinister baby-smuggling ring. She joins forces with James Diaz, a suspicious stranger who conceals his own sinister agenda. Caught between growing passion and imminent peril, Milla suddenly finds herself the hunted.

Kiss Me While I Sleep: Efficient, professional, and without apology, Lily Mansfield is a hired assassin, working as a contract agent for the CIA. Now, after 18 years of service, Lily has been drawn into a dangerous game that hasn't been sanctioned, seeking vengeance for her own reasons. A CIA agent himself, Lucas Swain recognizes the signs of trauma in the line of fire. His orders are to either bring her in or bring her down. Yet he too is drawn into the game with Lily Mansfield.

Cover of Night: In the charming rural town of Trail Stop, Idaho, accessible to the outside world by only a single road, young widow Cate Nightingale lives peacefully with her four-year-old twin boys, running a bed-and-breakfast. Cate always manages to make ends meet with the help of the local jack-of-all-trades, Calvin Harris. But Calvin is not what he seems, and Cate's luck is about to run out.

Customer Reviews

My sister and I took a long road trip from Washington state through the midwest to visit relatives in Minnesota, Kansas and, Colorado. I bought the audio recordings of Linda Howard's interesting and exciting books to help us pass the time during long periods of driving. We loved the stories, and were often anxious to return to the car after a stop to resume listening. Everything about the order

was as it should be. They arrived on time without any problems.

Really good value for money. I had brought and read all these books when they first came out. So it was pure self indulgence to sit back and listen to then being read. Audible is the way forward..

Some of the narrators are awful.

Loved this collection.
