J.K. Lasser's Your Income Tax 2014: For Preparing Your 2013 Tax Return

There are two reasons to read this book. 1) You are preparing a paper return and wish to learn more than what is printed in

the IRS "Forms and Instructions". 2) You want to read and learn more than what you get from a tax preparer or computer program. Since your economic activities have tax consequences you should read or browse the relevant sections of this book as it applies to you. Some ignore the tax consequences until its too late. Since most people don't have tax lawyers, and may not be able to get advice on a telephone, or even from the Internet, you need to reference this book as needed. Do not be afraid of the size of this book as most people will not need all chapters. First read the "What's New for 2014" (p.xxv). The "Key Tax Numbers" are on page xxix. Part 1 "Filing Basics" discusses filing status (p.1). Part 2 "Reporting Your Income" (p.33) discusses wages, salary, other compensation; fringe benefits; dividend and interest income; reporting property sales, tax free exchanges of property; retirement and annuity income; IRA's; income from rents and royalties, loss restrictions; other income. Part 3 "Claiming Deductions" (p.297) discusses deductions allowed for adjusted gross income; standard or itemized deductions; charitable contribution deductions; itemized deductions for interest; deductions for taxes; medical and dental expenses; casualty and theft losses; job costs and miscellaneous expenses; travel and entertainment expenses; personal exemptions. Part 4 "Personal Tax Computations" (p.460) tells how to figure your taxes; AMT; "Kiddie Tax" on a child's investment income; personal tax credits; tax withholding; and estimated tax payments. "Tax Planning" Part 5 begins on page 519.
