Customer Reviews

I bought this for my son. He enjoyed it but, I was disappointed in what you got for the price I paid. The book was a meager 8 pages and the stickers did not stick very well. They kept falling off the pages. For a price of \$6.99 I didn't feel it was worth it.

I picked this up for my 6 year old son to occupy him while we flew. He loved it and it totally engrossed him. And he worked on it until he completed filling in all the blank spots with stickers. There were quite a few extra stickers as well, a little bonus. The stickers were fairly removeable without damage to the page or the stickers, which is a big bonus. It seemed to have all the characters. It had lots of fun colorful stickers, and they were pretty easy for my son to remove himself, and didn't tear when he tried to remove them. I do think it is overpriced.

My 4 and a half year old son LOVED this sticker book. I bought it just after the movie came out and he didn't put it down for 2 hours ! It would have been perfect for a long trip. Now that he's four these

types of books are great--finding the correct sticker to be placed in the right spot--then he would ask us to read the caption.

My 4-year-old grandson lives and breathes cars, especially those from this movie. I ordered this to keep him busy on a flight to Europe and he loves it!! My only con is that it is a little pricey for the amount of stickers in the book.

Disappointing, to say the least. \$6.99 for what amounts to a 5 page pamphlet with some stickers in it. "Book" is a generous word to describe this thing. Very disappointing.

My 2 year old loves these sticker books. The best part about them is that the stickers really can be peeled off and put somewhere new (maybe not a bunch of times, but at least a couple). Pages are pretty big and there are a lot of stickers to choose from.

I have to agree with another reviewer regarding this sticker book. I wish I had read the reviews better. For the price of \$6.99 there is nothing in this book. I think my step-grandson will like it but I don't. There is nothing to this so-called book. There are a lot of stickers but I was expecting more. I was planning on giving this as part of his Christmas gift but I feel like I will be cheating him if I give him this. It is not much of a gift. I will have to pay attention to other reviewers and pay closer attention to what I am ordering.

My son looooooooooooooves this sticker book. I've purchased it twice. The thing I really like about DK sticker books is that you LEARN while you play. I'll keep buying DK sticker books--they're terrific.
