The Paralegal Professional

Synopsis

Written by an award-winning author team, *The Paralegal Professional* combines a solid introduction to the paralegal profession with a thorough introduction to law “to provide readers with a comprehensive introduction to paralegal studies and the legal environment. It contains fully up-to-date and extensive coverage of technology in the law office, legal and business ethics, and diversity. A four-part organization thoroughly discusses the paralegal profession, the American legal system, substantive legal topics, and paralegal skills. For those preparing for successful careers as paralegals.

Customer Reviews

Very happy with book. Very informative. Learned alot. Was one of the books required on online university as E-Book. Preferred hard cover. Book way better than E-Book.

This textbook was a necessity to have for my first term of Paralegal Studies. I am a person who learns better with the textbook right in front of me rather than with the ebooks. This was just the right textbook and a fabulous price. Thank you for the chance to add this text to my collection of college books.

This text book is better than the material I am currently reading in my paralegal course. The format is superb! The authors mix in actual cases, definitions of legal terms, ethics, and summaries in every chapter. "The Paralegal Professional" also covers all of the major topics and aspects of the paralegal

profession. "Cases for Discussion" sections stimulate the study of actual cases. I used on-line sources to read about decisions. You can self-study with this book. The authors write in such a manner that conveys clearly and in understandable terms even the challenging (boring) material. The Appendices are also beneficial. How to brief a case, Professional Rules of Conduct (NFPA), ABA Model Rules of Professional Conduct, Glossary, U.S. Constitution, and Subject Index are all aids or references found at the back of this book. I strongly recommend this book and am glad that I bought it!

This was for my incarcerated son who is studying to be a paralegal. He is finding this to be extremely informative and a better quality publication than any others he has looked at or owns.

Overall a good transaction. Book is actually in better shape than the seller described. Price was excellent and shipping time was good. Would buy from this seller again!
