Cool Characters For Kids, Ages 4-12: 71 One-Minute Monologues

Synopsis

Opening this book may cause you to become a famous movie star, adored by millions of fans and forced to sign autographs for the rest of your life! The curtain goes up, the spotlight is shining, and the stage is yours! The audience is waiting to be dazzled by the stars of tomorrow--and you could be one of them! Never before have talented, young actors been in such demand. Agents, directors, and managers are looking for something unique, something special. The characters in this book were created to showcase your talent and let your personality shine. They think like you, talk like you, and care about the things that you do. Inside you will find 71 monologues, one-minute and under, that will make any audience sit up and listen, laugh, cry, or even cheer. Whether you're 4 or 12, short or tall, silly or spunky, this book is for you!

Customer Reviews

I am excited to let everyone know that this wonderful little book proved to be a hit in my classroom! I teach 3rd Grade and my students had an absolute ball performing these monologues! They are brief in length and the scenarios are very life-like and easy for the children to relate to. Give your classroom a gift and pick up this little treasure!

I teach theatre to middle schoolers and bought this book as a quick fix monologue book. There are some very cute monologues, and they're easy to memorize for the most inexperienced thespian. The book is well organized, and the subject matter covered isn't heavy (which I found a relief with how much negative stimuli kids have these days), and the pages are easy to copy. However, if you're looking for really AWESOME monologues you might be disappointed. It's not Tennyson or Shakespeare (none of my students would have wanted Tennyson or Shakespeare). Overall, I would say the book serves its purpose. Oh, and my students enjoyed their monologues.

I needed to buy a book of monologues for my daughter because she was participating in a workshop and needed something to memorize. I looked at quite a few books before deciding upon "Cool Characters for Kids! 71 One-Minute Monologues." I chose this one over the others because these monologues truly seemed as though they were intended for kids. They're short and you have the choice between dramatic and comedy. My daughter does not read yet, so it's not like she's going to memorize two pages from a classic play and be comfortable with the material. These monologues are contemporary and their concepts are easy to grasp which makes the memorization of it painless. I think it's a great introduction for young children and would definitely recommend the book.

My students loved the material and had a blast performing the monologues for parents and friends. The audience responded with laughter, maybe even a few tears. Terrific options for ages 6 through middle school. As an actor, I was pleased to find quality material, with a contemporary feel, for my kids to work on. Great source for auditions.

Great Book! My daughter started taking acting classes since Jan 2006. Where we lived Maui, Hawaii we didn't find any good monologue for kids but was advised to order online. The day we got the book my daughter started going through the monologue, she loves it. Her workshop teacher asked her to bring her book to class so everyone can use it. Because she likes this book so much, she is now looking forward for her class.

I bought this book to use as a resource in a drama class that I teach. In my class I usually have students pick a monologue at the beginning of the year and then improve on their performance of it as we go, finally performing it at the annual recital. I was looking for some new material. This book is

just okay. A few of the monologues are good, most are just so-so and none are really fantastic. My biggest problem with most of them is that there seems to be very little room for character building. Also, most of them are based on situations which are somewhat cliché. I was hoping for something with more depth and a bit more interesting. Not a total waste of money, but I probably could have found something better.

I was hoping this would be a good resource for audition material for my daughter, but most directors want actual monologues from published plays. These are all original pieces that would probably be better for use in a public speaking class or something along those lines. They are cute and interesting, though... just not the best for an open-call audition.
