Ender King has done it again. A creative and interesting background, characters, and a very fine read, this especially if you are a long-time reader of Ender King's work like I am! Highly

Recommended and well worth reading. Very nicely written and very immersing story!

Great story for younger or older kids. Ender King is an entertaining author and his Minecraft books are sure to entertain and keep your kids busy reading this book over and over again. The best thing is the story is different every time!

Ender king has great talent as The notch messenger. It shows in each of his books. The name he comes up in this book fits the tale and the characters perfectly. I enjoyed the creativity on "griever" and the "red-stone engineers". He also satisfies my quench for love of the "magical creatures" which makes the story very fun. It is suitable for the young to old. what else can I say?? IT ROCKS!!!

Just to tell anyone that read this and said this was the best book and the storyline is just right well.... He stole this from the new "Minecraft story mode" game and stole every different outcome from it too! If I was you I would not buy this and get the game, it only cost .99 for each chapter! So before you buy this first check out the real deal.

This book is the worst. The storyline is nothing like the game. Bad punctuation. Traveler's Tales and Mojang should sue you! It would be a good story if it wasn't about MC Story Mode. Also weres Lukas and Ivor? MY FAVORITE CHARACTERS???

The writer has given great attention to making the book humourous and catchy, Order of the stone is light hearted zombie killing adventure which is perfect for reading out to kids. I will definitely keep an eye out for more such book from Enders King. If you liked minecraft you will love these stories.

Great work by Ender king once again. Full of creative thoughts and narration is awesome as usual. Adventure of Gabriel, Soren and others makes our adrenaline levels gush up. The story line has humor as well along with thrilling experience. Overall a nice read!
